

DEPARTMENT OF ENERGY

Industrial Technology Innovation Advisory Committee

AGENCY: Office of Energy Efficiency and Renewable Energy, Department of Energy.

ACTION: Notice of establishment.

SUMMARY: The U.S. Department of Energy (DOE or the Department) announces the establishment of the Industrial Technology Innovation Advisory Committee (Committee), pursuant to the Energy Independence and Security Act of 2007 (EISA) and in accordance with the Federal Advisory Committee Act (FACA) and the rules and regulations in implementation of that Act.

SUPPLEMENTARY INFORMATION: The Committee is established to advise the Secretary of Energy (Secretary) with respect to the Industrial Emissions Reductions Technology Development Program (the program) by identifying and evaluating any technologies being developed by the private sector relating to the focus areas described in of the EISA; identifying technology gaps in the private sector or other Federal agencies in those focus areas, and making recommendations on how to address those gaps; surveying and analyzing factors that prevent the adoption of emissions reduction technologies by the private sector; and recommending technology screening criteria for technology developed under the program to encourage adoption of the technology by the private sector. The Committee shall also develop a strategic plan on how to achieve the program's goals and, in consultation with the Secretary and the Director of the Office of Science and Policy, propose missions and goals for the program consistent with the purposes of the program described in of the EISA.
